RE: Fifth Unregulated Contaminant Monitoring Rule (UCMR-5)

Dear Water Customer:

The Safe Drinking Water Act requires that once every five years, the United States Environmental Protection Agency (USEPA) issue a list of unregulated contaminants to be monitored by public water systems. This is known as the Unregulated Contaminant Monitoring Rule.

From 2023 to 2025, the fifth instance of the monitoring, commonly referred to as UCMR-5, was conducted by public water suppliers throughout the nation. East Cocalico Township Authority (ECTA) was required to conduct two monitoring events, during which samples were collected from each of ECTA's water sources. The monitoring results are attached.

Additional information about the Unregulated Contaminant Monitoring Rule and UCMR-5 can be found on USEPA's website at https://www.epa.gov/dwucmr.

Sincerely,

Michael J. Galley
Community Development & Environmental Compliance Manager
